Not true. APD had the prints in 2005

We have the note. The prints from the porsche have been destroyed by Sekalb after your client was eliminated. I will check with lab to see if they have copies of the prints

Does this mean the latent fingerprint cards and Elias note are gone?

I gave you that list and information in the letter. If you want to see it call chris at 404 730 6884. I don't know the answer to the porsche question. I will try to find out.

Regarding the physical evidence, other than what was seized from my client, what else is there still left? If anything, I'd like to examine it.
